EXPERIENCE

Web Developer Jr

VIMEJI A.C | January 2022 to May 2022

- Development and maintenance of the data information system for the communications department, using HTML, CSS, JQuery, PHP, JavaScript and phpmyadmin for the database.
- Gathered requirements for the system.
- Ensured that all code is well documented, reusable, efficient and follows best practices.

Web Development and Layout Assistant

VIMEJI A.C | April 2021 to September 2021

- Worked together in the optimization of the association's website, reducing the load of stylesheets, resizing images, eliminating unused components and implementing new components using HTML, CSS and JavaScript.
- Involved the development of a data management system for the human resources department, using HTML, CSS, JavaScript, PHP, JQuery and phpmyadmin for the database.

EDUCATION

University of Guanajuato

Bachelor's Degree in Computer Systems Engineering - June 2022

- I dedicated myself exclusively to my studies to keep my good average, I studied the technical career of programming in the CBTis N°65, so I decided to broaden and deepen my knowledge at the University of Guanajuato.

OTHER INTERESTS

I am an avid reader, I enjoy listening to music, playing video games, spending time with my family and friends, passionate about gastronomy and art.
